

**Place:** University of Dubrovnik & Hybrid

**Date:** 18/10/2022

**Language:** English

#### Main aim

One-day EIT RawMaterials event for **strengthening the raw materials network** in ADRIA region by implementing a thematic **Legacy event** of the **RC Adria HUB** on the **innovation progress** in the **raw materials** field in the past 5 years of the KIC presence in the region.

Event will highlight the innovations tested, networks created, best practices and lessons learned from the conducted projects in the region. Through a discussion, tackle also on the funding and policy/legislation obstacles, provide a path forward for the implementation and commercial application of the developed innovations supported via EIT RawMaterials.

#### Who?

Event is targeting the participation of **professionals related to the raw materials sector, who are generating and/or commercialising innovations**; researchers, academia, businesses in primary and secondary raw materials sectors from Slovenia, Croatia and ADRIA region (large companies, SMEs, Start-ups and idea holders), decision and policymakers from ADRIA region and beyond.

## Why attend?

Excellent opportunity to observe and overview of past and present HUB Adria activities and several successful EIT RawMaterials projects conducted in the region to uplift the innovation potential in the region in the field of raw materials.
